Democratic Ticket.

FOR CONGRESS,
HON. A. O. STANLEY,
of Henderson county.

ANNOUNCEMENT.

We are authorized to announce
W. L. PARKER
As a candidate for Magistrate in the Third
magisterial district, subject to the action of the
Democratic party.

Congressman Joseph C. Sibley, of
Pennsylvania, has announced his
candidacy for the United States
Senate, to succeed the late Mat-
thew Stanley Quay.

Urey Woodson has no opposition
for re-election as National Com-
mitteeman for Kentucky, a position
he has held for eight years.

The Nebraska Democratic Con-
vention sent an unopposed dele-
gation to St. Louis, headed by W.
J. Bryan.

There have been no important
developments in the Eastern War
situation since last reports. There
are fresh rumors of mediation at
London.

Several states have held con-
ventions this week. Georgia in-
structed for Parker. Michigan, Nebras-
ka and Oklahoma gave no instruc-
tions and Wyoming instructed for
Hearst.

The Illinois Republican con-
vention after a week's recess resumed
balloting for Governor Tuesday,
but was still deadlocked yesterday.

Fifty young Baptist preachers
were graduated from the Southern
Baptist Theological Seminary at
Louisville this week.

Thomas Jefferson Smith of Bow-
ling Green and Thomas Jefferson
Johnson of Henderson were ap-
pointed the same day as West
Point cadets. May these two "Tom
Jeffs" live up to their names—Hen-
derson Gleazer.

A new Louisville author, Thomp-
son Buchanan, a young newspaper
man, has written a book. It is
called "A Castle Comedy," and it
will shortly be put on the market by
the Harpers.

Mr. W. J. Harahan, the new gen-
eral manager of Illinois Central
Railroad, at a salary of \$10,000,
began his railroad career in the
superintendent's office at New Or-
leans in 1881, as office boy and in
1887 entered the engineering de-
partment of the L. & N. His pro-
motions since 1889 have been rapid.
He changed to the I. C. in 1892.

The instructed votes for Presi-
dent so far are as follows: Parker
168, Hearst 102, Gorman 36, Olney
32, Wall 26, uninstructed 175.
Gorman's antagonism to Hill is con-
sidered an element of danger to
Parker, as he may hold the balance
of power and dictate the nomina-
tion of McClellan, or some other
man not now a candidate. But all
probabilities now point to Parker.

There is more Catarrh in this sec-
tion of the country than all other
diseases put together, and until the
last few years was supposed to be
incurable. For a great many
years doctors pronounced it a local
disease and prescribed local reme-
dies, and by constantly failing to
cure with local treatment, pro-
nounced it incurable. Science has
proven catarrh to be a constitutional
disease and therefore requires
constitutional treatment. Hall's
Catarrh Cure, manufactured by F.
J. Cheney & Co., Toledo, Ohio, is
the only constitutional cure on the
market. It is taken internally in
doses from 10 drops to a teaspoon-
ful. It acts directly on the blood
and mucous surfaces of the system.
They offer one hundred dollars for
any case it fails to cure. Send for
circulars and testimonials.

Address: F. J. CHENEY & CO.,
Toledo, Ohio.
Sold by Druggists, 75c.
Take Hall's Family Pills for con-
stipation.

Peculiar To Itself

In what it is and what it does—con-
taining the best blood-purifying,
alterative and tonic substances and
effecting the most radical and per-
manent cures of all humors and all
eruptions, relieving weak, tired,
languid feelings, and building up
the whole system—is true only of
Hood's Sarsaparilla

No other medicine acts like it;
no other medicine has done so
much real, substantial good, no
other medicine has restored health
and strength at so little cost.

"I was troubled with scrofula and came
near losing my eyesight. For four months I
could not see to do anything. After taking
two bottles of Hood's Sarsaparilla I could see
to walk, and when I had taken eight bottles I
could see as well as ever." SUSIE A. HAIN-
ROSE, Withers, N. C.

**Hood's Sarsaparilla promises to
cure and keeps the promise.**

All the more important articles
in the Review of Review for June
are the contributions of experts.
An admirable summary of "What
Stanley Lived to See Accomplished
in Africa" is furnished by Mr.
Cyrus C. Adams, the geographical
writer on the staff of the New
York Sun; President Charles F.
Thwing writes suggestively on
"Sending a Son to College;" Lieut.
Joseph A. Baer, U. S. A., gives his
observations, as a cavalry officer,
of those unique troopers, the Cos-
sacks. Mr. Arthur Warren de-
scribes "The Turbine: A New Era
of Steam," and Mr. J. A. Kingman
writes on "The Automobile in Busi-
nesses." Librarian Elmendorf, of
Buffalo, defines "The Work of a
Modern Public Library;" Prof. E.
R. A. Seligman contributes a pa-
per on the special franchise tax in
New York, and Prof. Carl C. Plehn
writes on the taxation of bank
franchises in California. Each of
these articles is the work of a man
who has expert knowledge of the
topic on which he writes.

About the only element of uncer-
tainty or possible discord that is
expected to characterize the Louis-
ville convention next week is the
contest between Kehoe and Mc-
Quown for chairman of the State
committees. This issue has risen
paramount to the presidential race
and it is to be a contest along State
lines entirely, with all hands agreed
in regard to an unopposed dele-
gation. Chairman Allie Young is
not a candidate for re-election but
cooperating with Senators Black-
burn and McCreary in supporting
Kehoe. He is claiming the six
eastern districts and closes an in-
terview in the Louisville Times
with these words: "I want nothing
except to elect Kehoe and even up a
few scores. I have kept silent for a
long time, but I will say all I want
to say in that convention. I am
going to tell the Democrats of Ken-
tucky a few things."

E. Clay Timanus, the Republi-
can President of the Baltimore
Council, has succeeded to the office
of Mayor and will serve out Mayor
McLane's term of three years. He
is a leading manufacturer, 41 years
old.

INHERITED FROM PARENTS.
Mental Qualities as Well as Physical
Are Transmitted, According
to an Englishman.

Prof. Karl Pearson, P. R. S.,
in his Huxley memorial lecture at
the Anthropological institute in
London, after giving evidence to
show, and declaring his belief, that
mental as well as physical quali-
ties are inherited from parents,
called attention to the present
lack of intelligence in British pro-
fessional and working men. He
does not think that the remedy is
to be sought in foreign methods
of instruction or in technical edu-
cation. Intelligence must be
bred, and we are ceasing, he
thinks, to breed it as we did 50 or
100 years ago. The only possible
remedy is to alter the relative fer-
tility of the good and bad stocks
in the community. We are, it
seems, at the beginning of an
epoch which will be marked by a
dearth of ability. For the last 40
years the intellectual classes, en-
ervated by wealth or love of pleas-
ure, or following an erroneous
standard of life, "have ceased to
give us the men we want to carry
on the ever-growing work of our
empire; to battle in the fore-front
of the ever-intensified struggle of
nations." With so many profes-
sors lecturing us on our shortcom-
ings, adds the London Globe, we
shall soon begin to feel ourselves
in a bad way.

BURIAL TO-DAY.

Remains of Dr. John O. Rust
Due This Morning.

If Expectations Are Carried Out
The Interment Will Take Place
at 11 a. m.

The body of the late Dr. John O.
Rust, who died in Seattle, Wash-
ington, May 24, is expected at 5:40
this morning and the burial will
take place at 11 o'clock from the
residence of Mrs. M. G. Rust on
South Main street. There will be
no services at the residence. Dr.
Ira Landreth, of Chicago, Dr.
Lansing Burrows and Dr. Folk, of
Nashville, and a party of friends
from that city, will attend the ob-
sequies. The services will be at
the grave and will be brief. Mrs.
Rust and her children and the
former's brother, Mr. Westfall, of
Minnesota, will come with the
body.

NORWAY MAELSTROM

Fifty Thousand Gallons of Water
in Cascade Rapids and fall in
Magic Whirlpool

Off the coast of Norway lies the
Maelstrom a mighty whirling funnel
into whose maw go the boats of half
a hundred foolhardy fishermen
every year who venture too near.

To have brought the Maelstrom
to St. Louis would have been an
easy matter could the motion of the
water have been picked up with
the liquid. To construct a whirl-
pool with all the startling features
of the Norway terror on dry land is
the more difficult feat that has been
brought to completion on the Pike
at the World's Fair. Fifty thou-
sand and gallons of water a minute are
used in the Magic Whirlpool, which
figure can better be appreciated
when it is remembered that the cen-
tral cascade of the Exposition uses
less than this amount.

The visitor who embarks on the
boats of the Whirlpool is given a
trip in which thrills come thick
and fast. Three times the boat
takes its way around the central
waterfall and then seems about to
dive through the falling torrent.
Just before the dive it swerves aside
and enters the rapids. After pass-
ing safely through this boiling cal-
dron, a fairy scene opens to view.

Between banks girt with tropical
foliage, the boat takes its way,
passing scenes eclipsing the orien-
tal imagery of the Arabian Nights
in beauty. In the grottoes are
shown tableaux from grand opera
and groups from the masterpiece
of fiction. Not only the beautiful
but the mysterious is shown and
many quaint illusions have been
arranged. The Whirlpool is the
only set show on the Pike where
the scenes may be changed day by
day and new features are con-
stantly being added to those al-
ready installed.

Although located on the North or
sunny side of the Pike, the Magic
Whirlpool has been found to be the
coolest place on the Pike because of
the continual refrigeration of the
air by the falling water. The trip
by boat and rail lacks two hundred
feet of being a mile long, and every
yard of the voyage presents an in-
teresting feature.

The Whirlpool was designed and
carried to completion by Ed. M.
Bayliss, a St. Louis electrical en-
gineer, who also invented the Land
of the Midnight Sun for the Pan-
American Exposition.

Are you tired having every-
body hear your conversations
and only half hear the party
you try to talk to? The sure
remedy and guaranteed cure is
a home phone.

The Public Remembers.

The Home Telephone Company is
putting in more phones every day
and it looks as if they were going
to receive the patronage they hon-
estly deserve. The citizens of our
city will not likely soon forget the
treatment received from the Cum-
berland in the past, nor the fact
that they refused to buy a franchise
because it contained stipulated
rates to be charged for service.

The majority of the public under-
stand that the Home Company's
rates are reasonable and their con-
struction the best, and they will
not be fooled by any grand stand
play the Cumberland may make in
trying to do business after refusing
to buy a franchise or improve their
service until they were forced to by
the Home Company.

The public is long suffering but
they will not be bulldozed and domi-
nated by the Cumberland Bell Tel-
ephone Company any longer, neither
will they put themselves in position
by patronizing the Cumberland
Company to have them in the sweet
bye and bye, come around and say:
"We have got you where we want
you now, and you can pay our
price and accept the service we
give you or go way back and sit
down."

We have been fleeced once good
and plenty, and that is enough, and
if the Home Company's service is O.
K. they will get the patronage and
keep it.

You thus have a larger
assortment to select
from, and you get long-
er wear for the same
outlay, with the added
satisfaction of being
among the first to ap-
pear in up-to-date ap-
parel.

The four-button Sack Suit shown in the picture will
appeal to good dressers who want to be just a little in
advance of the "merchant tailor's" styles. It has the
broad shoulder and chest effect which gives a full, sub-
stantial appearance to the wearer without that stuffed
and padded look so common in other lines of ready-
made clothing. Think of buying a suit like this of any
spring fabrics

At So Low a Price as \$12.00!

This is an ideal suit for business men who know
the value of "looking prosperous." It is the product of
the art-tailors of Schloss Bros. & Co., whose clothing
